FOR IMMEDIATE RELEASE

MKD Electric Completes Acquisition of Dave's Electric **The purchase increases MKD's coverage of the Chicago-land area**

[Elgin, Illinois] – [August 24, 2015] MKD Electric, a leading industrial electrical contractor headquartered in Elgin, Ill., announces the acquisition of Dave's Electric to enhance its services in the Chicago-land area.

The purchase of Dave's Electric, based in Batavia, Illinois, further increases MKD Electric's share as a merit shop industrial electrical contractor in the Midwest region. MKD Electric will continue to provide and expand upon the level of service and quality that clients have come to expect from Dave's Electric.

"Dave's Electric has been a trusted merit shop partner, and it made a lot of sense to us to bring their team members and clients under the MKD umbrella. We look forward to building and maintaining lasting relationships with Dave's Electric's clients," said Mark Wesa, President and CEO of MKD Electric, of the acquisition.

About MKD Electric

MKD Electric, Inc. is one of the Midwest's largest full-service merit shop industrial electrical contractors, specializing in instrumentation and control systems integration. For over twenty years, we have designed, built, installed, and maintained our clients' systems, projects, and facilities. We focus on safety, quality, and value, as well as building and maintaining lasting relationships with our clients. For more information, visit www.mkdelectric.com.
